

STIMSON GIVEN
COMMITTEE O. K.
FOR WAR CHAIRHe and Knox Both Say
Third Term Issue
Not Discussed

Washington, July 2—(AP)—The senate military affairs committee approved today President Roosevelt's nomination of Henry L. Stimson to be secretary of war.

The vote of 14 to 3 came after Stimson had testified for two hours regarding his qualifications, and had declared that his nomination "had no relation to politics" and that he had not discussed the question of a third term with Roosevelt.

Also today, Col. Frank Knox, the 1936 Republican vice presidential nominee, testified similarly with regard to the third-term issue.

Chairman Walsh (D-Mass.) of the senate naval committee, before which Knox appeared, said that his committee would act this afternoon on Roosevelt's selection of Knox for secretary of the navy.

Republican Votes No
Voting against the favorable committee report on Stimson were Senators Thomas (R-Idaho), Johnson (D-Colo.) and Lundeen (FL-Minn.).

Members of the committee who voted to recommend confirmation were Sheppard (D-Texas), Reynolds (D-NC), Thomas (D-Utah), Minton (D-Ind), Lee (D-Okl.), Schwartz (D-Wyo), Downey (D-Calif.), Slattery (D-Ill.), Chandler (D-Ky), Smathers (R-NJ), Austin (R-Vt), Bridges (R-NH), and Gurney (R-SD).

A motion by Senator Johnson (D-Colo.) to summon former Secretary of War Woodring was defeated, 11 to 5. Johnson has said he wanted to know whether Woodring was forced out because he declined to approve the transfer to the allies of American military equipment Woodring believed essential to national defense.

No Third Term Talk
The committee voted 11 to 7 on motion by Senator Thomas (R-Idaho) to write Woodring and inform him that if he desired to appear before the committee would be glad to hear him.

Knox and Stimson, both Republicans, were asked about third-term talk because of reports that they, both Republicans, had agreed to enter the cabinet only on condition that Roosevelt not run for re-election. They both testified there were no such commitments.

The two men testified at hearing demanded by Republicans and some Democrats who asked an expression of their views on the question whether the United States should intervene in the European war.

"As Call to Duty"
Stimson, also a Republican, said the President had telephoned him at his New York law office June 11 and had asked him to take the war department position "as a call to duty."

"The position had absolutely no relation to politics, the President told me," Stimson said, "and I agreed with him."

"Nothing was said about a third term?" asked Senator Johnson (D-Colo.).

"No," Stimson replied, "nothing has ever been said about a third term."

Knox, in answer to questions by Senator Ellender (D-La.) said the President first offered him the navy post last November or December but that he declined it then. He testified that he later agreed to take it when the surrender of France increased what he called the "great danger to this nation."

Senator Ellender broke in to ask Knox if there "had been any discussion of the third term?"

"I know what you're thinking about," Knox replied with a smile. "There were no commitments or provisions made on either side."

Both Ellender and Knox referred to reports that Knox had taken the cabinet appointment with the understanding that Roosevelt would not seek a third term.

Depend on British Navy
Stimson, discussing his views on the war situation, said that "the time the United States has for rearmament is very largely dependent upon the continuance of Great Britain's control over the North Atlantic."

"Under these conditions any assistance which we can safely give towards the continuance of that sea power in the North Atlantic is a step most important to our own interest in preparation."

The 72-year-old witness said that "the situation today is much more critical than it was last autumn (when Congress repealed the arms embargo) and the time

Hero Missing

London, July 2—(AP)—Acting Flight Lieut. J. W. E. Davis, 27, a native of Barnardville, N. J., who was awarded the distinguished flying cross by King George VI on June 24, was reported missing today.

Davis, who joined the British Royal Air Force in 1936 was cited for "ability as a leader of a squadron of many offensive patrols".

In one action, while attacking a German Messerschmitt, Davis was beset by six German Heinkels.

"Davis at once turned on the Heinkels, destroying one and badly damaging another before being compelled to break off engagement owing to a shortage of ammunition," the citation said.

"The following day, while leading a section of his squadron, he sighted and attacked a large formation of Heinkels, and shot down one in flames."

Population of Chicago Increases
Less Than 10,000 in Last Ten Years

Chicago, July 2—(AP)—Chicago's population increased 8,118—from 3,376,438 to 3,384,556—between 1930 and 1940, preliminary final figures of the 1940 census showed today.

George W. Schreech, area supervisor of the census, said the nearly final figure did not include a number of absentees who will be added to present lists before the official figure is released. He said he doubted the absentees would change the figure even one per cent.

The supervisor said the increased populations of suburban areas disclosed the reason for the small change in the city census in the

NAVY OF UNITED
STATES BIGGEST
IN WORLD TODAYExcels Others Without
New Ships on Which
Work is Begun

Washington, July 2—(AP)—Official figures indicated today that the United States Navy, building at top speed toward "two-ocean" strength, already has become the world's largest both in number of ships and in total tonnage.

Not counting the \$500,000,000 of new warships ordered by the navy yesterday and nearly 100 other vessels under construction, Uncle Sam has 395 completed combat ships of 1,327,320 tons.

Latest available figures on the British navy give its strength on June 20 as 313 ships of 1,277,189 tons. These figures are admittedly inexact, but they take into consideration the best information obtainable on losses suffered in Europe's war.

The \$500,000,000 new warship order was the biggest in navy history. It covered 11 cruisers, 20 destroyers, 13 submarines and a large seaplane tender. The contracts were closed without competitive bidding, as authorized by the new speed-up legislation which President Roosevelt signed just two hours earlier.

Keep Preparedness Pace
The RFC's two special raw material agencies arranged to buy 150,000 tons of rubber and 75,000 tons of tin for strategic purposes. It was disclosed that the government already has acquired about \$12,000,000 in vital materials, ranging from optical glass to Manila fiber.

The war department, acting to meet the needs of the expanding army, cut short the leaves of 444 recent West Point graduates. The president signed bills providing \$18,500,000 for either construction or land acquisition at 25 military posts.

To Employ Students
Sidney Hillman, labor specialist of the National Defense Commission, announced the enrollment of 150,000 student workers would get underway immediately to accelerate training of skilled men for armament industries.

In rating the existing United States navy the world's largest, naval experts also estimated that the present fleet, plus units now ordered or appropriated for, would give this country a navy equal to any now being built. They include not only Britain's and Japan's, but also the fleet that might be formed by a coalition of German, Italian and French sea strength.

Season for Polio
Here; Warning Is
Issued by Baxter

Springfield, Ill., July 2—(AP)—The "polio" season has begun in Illinois.

State Health Director A. C. Baxter said today that special preparations have been made by the department's district public health officers to minimize the human damage caused by poliomyelitis, commonly known as infantile paralysis, whose greatest prevalence occurs between July 1 and the last of October.

Already, the annual upward summer trend of the disease has been noted with three new cases reported last week, bringing the 1940 total for Illinois thus far to 17 cases. The present total is well under last year's mark to date of 32 cases.

Last week's cases were reported from Champaign, Cook and Kan-kakee counties.

In a message to local health officers, Dr. Baxter said that "all of the state district health superintendents are available in the capacity of consultants to assist local physicians in the diagnosis and treatment of poliomyelitis patients."

Easily Recognized
"Each district superintendent has on hand a supply of convalescent serum for emergency use. Serum will be provided on request of attending physicians without cost to the patients."

Dr. Baxter said that poliomyelitis can nearly always be recognized in its early stages before paralysis develops, through careful examination. Early treatment, he added, brings recovery without serious impairment in a great majority of cases.

Prevention of the disease, the director said, is practically impossible, but the affliction can be controlled "to a remarkable degree."

He urged alertness for signs of the disease during the next four months, pointing out that 148 of the 193 cases reported in Illinois last year occurred in July, August, September and October.

A special conference on poliomyelitis was held by the medical and nursing staff of the state health department here last week in preparation for the "season."

Marksmen's Trophy on
Display; Won by Supt.
Dixon Disposal System

A marksmen's trophy which has been in existence since May 1st, 1862 known as the Davenport Schutzen Verein trophy and now in the possession of Clarence A. Hill, superintendent of Dixon's sewage treatment plant, was placed on display today in the Trein jewelry store, where it is attracting considerable attention. The trophy is quite unique, as it bears 73 medals which have been added to the original chain and solid silver plaque, which started with the organization.

The trophy is the coveted prize of the winner of the annual shooting match held at Davenport, who retains possession for one year. Each possessor adds a solid silver medal to the chain during the year that he holds it. He also receives a handsome gold medal for winning the honor. The tokens added to the chain represent the profession of the winner and each is of solid silver and hand engraved which places a high value on the trophy.

Governor Vanderbilt to
Tour With Naval Reserve

Providence, R. I., July 2—(AP)—Governor William H. Vanderbilt who was one of the youngest men to enlist in the U. S. navy in the World War, will drop state business July 10 and report to the chief of naval operations at Washington for a two-weeks tour of duty with the naval reserve.

He disclosed today that he applied for active duty two weeks ago.

"I feel that everyone ought to do what he can to prepare himself for whatever may be coming," the governor said.

REEL PICTURES
OF PARADE HEREErection of Midway for
Thursday Celebration
Starts Tomorrow

Motion pictures are to be taken of the Homecoming parade in Dixon Thursday, it was announced today. The cameras will be set up in the court house square and the parade will be "shot" as it passes through the widely-advertised Dixon Memorial arch, which has been redecorated for the occasion.

The movies will be shown throughout the United States in news reels, and heading the long procession will be Henry C. Warner of this city, who is completing a record year as Grand Exalted Ruler of the Elks of the United States. He will be a passenger in the float which has been entered by the Dixon lodge of Elks.

To Guard Against Fire
As a precautionary measure against fire during the parade, no fireworks or other fireworks will be permitted discharged on the streets. The floats are trimmed with a highly inflammable material and all police and special officers have been instructed to rigidly enforce the city ordinance throughout the entire day which prohibits the discharge or use of any kind of fireworks in the streets, alleys or public parks of the city. Spectators are asked to cooperate to the extent of guarding against any danger of fire during the parade of floats.

To Close River Street
River street from Galena to Peoria avenues will be closed to traffic starting Wednesday morning and barricades will be erected closing that section to traffic and parking for the two day period. Concessioners will begin setting up their stands tomorrow.

Capitain Andy Owens, a native of Dixon, who is among the hundreds of home-comers, will operate one of the concessions. Harold Fox, another native Dixonite, has also secured concession space on the Midway and will present a new novelty, specializing in a new sausage known as braut-wurst.

Jitterbugs Busy
The rug-cutting clan, Dixon's jitterbugs, are scheduled to perform at 7 o'clock Thursday night as a part of the city's big Homecoming program. Seven couples have already announced their intentions to participate in the event to be held at the big platform at the crossing of Hennepin avenue and First street.

Those entered in the contest are: Jeanne Bates and John Friel; Mr. and Mrs. Billy Hollingsworth; Russel Battin of Ladd and Marion Healy of Amboy; Ed Friel and Bernice Joyce; Ernest Bugg and Delena Swain; John Collins and Rosabell Collins; and Tillie Clayton and Larry Farrar.

Miss Marie Worley, pianist, will accompany the dancers. Judges and contestants have been asked to meet at the platform at 6:45 p. m. for an explanation of the rules.

Combination of Auto
Driving, Firecracker
Shooting Proves Fatal

Sussex, N. J., July 2—(AP)—A firecracker exploding in his car caused William Van Riker, 19, to lose control of it last night. He crashed into a tree and was killed.

State Trooper Joseph Walter said Van Riker and two companions, who were injured seriously, were lighting firecrackers and throwing them out of the car when Van Riker threw one which hit the roof and exploded.

Only 10 per cent of the automobiles operating on Illinois highways have adequate brakes and lights for night driving at speeds of more than 45 miles an hour.

This estimate was made today by H. H. Harrison, state traffic engineer, based upon state police tests of 5,900 automobiles for mechanical defects.

Harrison said traffic studies showed that fully 25 per cent of drivers operate their cars at speeds higher than 45 miles an hour at night. He concluded that the 15

per cent driving faster than the mechanical conditions of their cars justify are responsible for "a good share" of night accidents.

"The state traffic law requires that cars shall have a braking effort equal to 45 per cent of the weight of the vehicle, but comparatively few cars are now maintained to that standard," Harrison said.

Mechanical tests of cars were made at safety lanes in Cairo, Carmi, Danville, Lawrenceville and Champaign. Harrison said similar tests would be continued throughout the state to call motorists' attention to safety requirements.

Mother's Plea

Haverford, Pa., July 2—(AP)—Unable to contact her husband by cable or telephone, Mrs. George H. Earle, wife of the U. S. minister to Bulgaria, headed for Washington today to ask the state department's help in dissuading her eldest son from enlisting in the Royal Air Force.

Preparing to leave by train, she said she hoped the department could communicate with Earle, former Pennsylvania governor who announced yesterday at Sofia that their 23-year-old son, George 4th, would leave there Friday for service in Egypt with the British fighting force.

The War Today!

By DEWITT MACKENZIE

The Russian adventure in the Balkans holds more potentialities than a schoolboy's pockets.

Communist Chieftain Stalin continues to play his cards close to his chest and thus far has concealed the full nature of his hand. Whatever way you look at it, however, his move patently is inimical to German interests and he has Herr Hitler on an embarrassing spot in view of the impending German assault on England.

It is quite clear that the shrewd Muscovite is running counter to nazidom in at least three ways. He is jeopardizing Hitler's all-important Balkan war and food supplies. He is invading a peninsula which Germany long has regarded as her special preserve. He is greatly strengthening his strategic position for defense (or offense, for that matter) against the reich.

That war between the bolsheviks and nazis will grow out of this sooner or later seems like a foregone conclusion. At the moment, however, Hitler is striving to maintain peace.

He doesn't want trouble with Russia while he is attempting to

STATE HOLSTEIN SHOW TO BE HELD AT MOOSEHEART

Lee and Ogle County Breeders Attracted to Annual Event

The breeders of Holstein cattle in Illinois will hold their annual state show and picnic at Mooseheart Farms, Mooseheart, Ill., on Saturday, July 6. A few years ago the annual meeting was held in Dixon.

Eight local shows have already been held at Delavan, Dixon, Oregon, Freeport, Woodstock, Kankakee, Rockford, Libertyville and Elgin. The blue ribbon winners at the local shows will be brought to the state show to fight it out for state honors. Prof. C. S. Rhode, University of Illinois, who has appeared in Dixon several times and is well known here, will be the judge of the entries and give an educational talk on type improvements. Plans are being made to send a show herd made up from the best Holstein cattle in the state to the Dairy Cattle Congress at Waterloo, Ia., and to the National Dairy Show at Harrisburg, Pa.

Junior Championship Contest
An added feature this year to the state Holstein show will be a showmanship contest for boys and girls under 21 years old. Elimination contests were held at the local shows and the top two girls and the top two boys from each local will compete at the state show. Watches and medals will be awarded to the winners by the Illinois Holstein association. This event will start the day's activities at 10 a. m., Central Standard Time.

Judging Contests
There will be judging contests on cattle for the 4-H club members, Future Farmers of America and all other juniors as well as for adults. Prof. E. Pichard of the University of Illinois, will be in charge of these contests. Medals, cash and merchandise will be awarded to the winners.

A. C. Oosterhuis, president of the Holstein-Friesian Association of America, the world's largest cattle breeders' organization, is expected to be present to make an address and present the numerous awards.

The show and picnic will be held in a beautiful grove on the shores of a lake on the Mooseheart grounds. Mooseheart is located on state route 31, five miles north of Aurora and one mile south of Batavia in the Fox river valley. Everyone in the dairy business and especially those who are interested in fine livestock will be welcome.

Lee County Stockmen Are High on Market

Ross Compton and Forrest J. Trautwein, well known Lee county stockmen, were among those whose sales of livestock on the Chicago market last week were reported among the high sellers of the trade.

They sent in a drove of steers, fed on their farm near Dixon, that sold at \$10.65 per cwt. without sorting. There were 23 head in the lot and they averaged 1234 pounds each.

Sharp advances in all divisions of the trade were recorded in the past week's market at Chicago, with an extreme top on hogs of \$5.60 per cwt. on Thursday, a 20 per cent gain from previous day, and a further rise was made on Friday with top hogs selling at \$5.75 level, the peak since May 27.

An average U. S. family requires 38 barrels of oil annually for modern living.

Weekly Commodity Review

Corn

Responding to the easier tone in wheat, prices declined but steadied about mid-week and have since held independently firm. Heavy primary receipts and shipments merely represent continued transit of government corn in process of exportation, and because shipments did not keep pace with receipts last week, the visible supply showed an increase of 1,392,000 bushels. The official statement of government owned corn showed a reduction of only 237,000 bushels during the month of May, these figures suggesting that they still retain title to the liberal quantities of grain now in transit for export. Total loans in force, 456,000,000 bushels, showed a reduction of about 5,500,000 bushels since April, most of which was 1939 corn. An important announcement was that an inspection as of May 31, showed that 99.6 percent of the stored corn, and 96.7 percent of that held in steel bins, had maintained a grade of No. 3 or better during the dangerous spring germinating period. The continued unfavorable hog-corn ratio is beginning to cause real concern in trade circles, as the new crop progresses under favorable conditions, but government authorities do not appear to be disturbed, although the bureau of agricultural economics emphasized the unsatisfactory ratio.

Oats

Heavy July liquidation during the early part of the week was finally absorbed, and elevator interests who had apparently over stayed the market, were rather aggressive in their changing operations, the July premium again advancing to 2 1/2 cents. Receipts have been small and a much better shipping demand has developed, sales totaling nearly 300,000 bushels, and premiums, which eased during the early part of the week, strengthened later. No. 2 whites being from 4 to 4 1/2 cents over July. Stocks continue to decrease, the total visible being down to 3,167,000 bushels. Although the new crop is still considerably behind normal condition is generally excellent, the cool damp weather being favorable for filling, and some heavy yields predicted.

Soy Beans

There has been further evidence that prices have been largely adjusted to new crop prospects so far as discernable at this time, as prices have held steady following a rather sharp break on Monday, and the meager offerings in the cash market have been readily absorbed at advancing prices, the basis Friday being 1 1/2 over July for No. 2 yellow, and 1 to 1 1/2 over for No. 3 yellow. Although there is small prospect at present of any outlet, there are indications that processors will probably absorb any new crop offerings on a scale down from present levels.

Lard

Traders have paid very little attention to the action of other commodity markets and the undertone has been decidedly firm with the price range at the highest point for six weeks. A heavy western run of hogs, nearly 50 percent larger than last year, has been absorbed at advancing prices, the local top on Friday, \$5.75, being the highest of the month. The government pig survey reported the number of spring pigs saved at 48 million, a reduction of 4,336,000 or 8 percent, as compared with last year, and predicted a 12 percent reduction in fall farrowing. Total farrowing for the year expected to be about 8 percent less than last year with litters averaging somewhat smaller and consequently, a total crop about 10 percent less is indicated. There was active buying of lard by the British government and United States relief agencies, removal of hedges by packers against these sales furnishing the chief support of the futures market. Because of the unsatisfactory corn-hog ratio, unusually liberal marketing of under-weight hogs is expected to occur during the fall and early winter, and the trade is expecting a substantial reduction in commercial stocks of both lard and meats when recent heavy relief and export purchases are shipped.

SALESMAN FATALITY HURT

Centralia, Ill., July 2—(AP)—W. C. Harsch of Olney, 32, sales engineer for an oil supply firm, died in a hospital here last night of injuries incurred a few hours earlier in a collision of two automobiles on state route 37, four miles south of Salem.

Cleveland Sligar of Centralia, driver of the other car, received hospital treatment for a broken arm.

FAST TIME DEFEATED

Kankakee, Ill., July 2—(AP)—The city council by a 7 to 6 vote last night defeated a proposal to establish daylight saving time in this city. Some merchants have announced they will operate on daylight time anyway. The proposal has been defeated several times in city-wide referenda.

Farm Earnings in This Area Improve During Past Year

Higher prices for grains, good crop yields, more livestock and larger AAA payments were responsible for 1939 earnings being the highest since 1936 for the farms on which account records were kept in co-operation with the University of Illinois college of agriculture in nine counties of the Northwestern Mixed Livestock Area.

The annual summary which the college has just released on the records shows that net earnings in 1939 were \$12.65 an acre as compared with \$9.62 in 1938, \$8.46 in 1937 and \$16.43 in 1936. Net earnings is the amount of money left over after paying all farm expenses except interest on the investment. The total investment averaged \$159 per acre in 1939.

Although average earnings were higher than in recent years, there were wide variations from farm to farm, owing to the manner in which the farms were organized and operated. Of the 454 farms, the least profitable had an average loss of \$469 a farm, but the 43 most profitable had labor and management earnings which averaged \$2,978 a farm.

Combined Average Yields
The combined average yields for corn, oats, wheat and soybeans for the nine counties in the study was 22 per cent higher in 1939 than for the 10-year period, 1929-1938.

Larger AAA receipts were the result, in part, of a doubling-up in payments, many farmers receiving checks in 1939 for participating in both the 1938 and 1939 programs.

The chief function of the accounting project is to show how the most profitable farms differ from the least profitable, it was explained by P. E. Johnston, associate chief of agricultural economics, who is in charge of the project. The counties included in the area are DeKalb, Stephenson, Lee, Ogle, Rock Island, Jo Daviess, Winnebago, Whiteside and Carroll.

Returns from the capital invested in the farm business in 1939 were highest on the grain farms, second highest on the cattle farms and lowest on the hog farms.

Grain Prices

Grain prices advanced sharply during the year, the price of dairy products advanced during the last quarter, while the price of hogs declined \$2 a hundred pounds during the year.

These price changes have a bearing on relative earnings for farms of different types, Johnston explained. For the 10-year period, 1929-1938, the general farms in this area had the highest earnings, grain farms were second highest and dairy farms had the lowest earnings.

Since the operating costs for each acre decline as the size of the farm increases, the records were sorted according to acres in each farm so each co-operator can compare his horse, machinery and labor expense with farms of the same size. Labor cost for each crop acre ranged from \$14.96 on farms which averaged 80 acres to \$5.87 for those larger than 340 acres. Comparative horse and machinery cost for each crop acre was \$4.02 and \$2.81 respectively.

For the average of a 10-year period the most profitable size farm in the area was in the group averaging 260 to 300 acres a farm. The report which was returned to each co-operating farmer compared all parts of his business with averages established by his neighbors who were operating farms similar to his own. Since there was considerable variation in the physical characteristics and type of organization on the farms within the farming-type area, the records were sorted so each farm about the same quality of land and the same type of farm organization, Johnston said.

FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

Suppose you had a bunch of chickens 15 weeks old; suppose the cockerels weighed 4 1/2 pounds and it had cost you 41 cents to produce each bird.

You'd be making money on them, wouldn't you?

I'm not just imagining such a situation. A couple of weeks ago I stopped to see a farmer out in Iowa and found him loading chickens. He sold 1056 cockerels that day. They were 15 weeks old and they averaged 4 1/2 pounds. He still has about 700 more cockerels and about 2000 pullets!

That man is really raising chickens!

He started 3800 altogether—a part of them were hatched March 2 and the rest two weeks later—and he figures he hasn't lost over 3 per cent of them. Some of those were killed in a storm. He hasn't had any trouble from disease all season.

Raised Twice as Many This Year

His wife told me they always raised a lot of chickens, but this year they raised almost twice as many as they ever had before. "How did you happen to raise more this year?" I asked her. "Most people were raising less". "That's exactly the reason we figured it was a good time to raise more!" she said.

She told me at the time that she thought they had about 45 cents invested in each bird, but she would check her costs and let me know. The other day I got the following figures:

Chicks	\$326.43
Fuel oil	75.00
Litter	17.95
475 bu. corn	\$271.15
587 bu. oats	224.93
85 bags starter	242.85
120 bags balancer	390.00
Grit	9.90

Lee County Farmers Know Many Hands Make Light Work

—Telegraph Photos

Lee County farmers banded together in the spirit of friendliness yesterday afternoon and made light work of the farming at the LeRoy Schnell place. Mr. Schnell was injured a week ago while helping a friend. (Story on this page today.) In the top picture the tractor operators at work in one field are shown, and another group, working in another part of the farm, are shown in the lower picture.

Four Million Hog Producers Facing Brighter Future

Chicago, July 2—(AP)—Four million American hog producers have a brighter outlook for their business on reports that national pig production was decreasing and that British lard buying was increasing—indicating that the bottom of the swine price cycle had been reached.

In the past few days hog prices advanced about 25 to 40 cents per hundredweight and at a top of \$5.75 reached the best level in a month.

Before this recovery hog values were the lowest in six years, having lost all of the advance as a result of war in Europe.

The British lard buying, although small compared with the big U. S. surplus, excited more interest among hog men than any other development because trade experts believed any revival of the nation's export trade might be an important factor in strengthening the domestic price structure. The European war shut off much of the foreign market for lard inasmuch as Germany and Great Britain formerly were principal buyers.

Earlier in the war British interests, seeking to conserve funds for armaments, withdrew from the lard market but since their chief sources of supply on the continent have been cut off they have been forced to return to North America. Recent purchases of corn and dry skimmed milk gave agricultural experts some light on the British situation.

The government estimated that because of low hog prices and comparatively high corn values farmers were raising about eight per cent fewer pigs this spring than in 1939 and that the number of sows to farrow this fall would be 12 per cent less than a year ago. Livestock men said this reversal in the production trend should show up in market supplies by fall and winter.

Friends of LeRoy Schnell Display Neighborliness in Record Farming

The true spirit of neighborliness was displayed by about 50 neighbors of LeRoy Schnell yesterday when tractors and workers came to the Schnell farm in Lee Center township and in two and one-half hours ploughed 103 acres of corn and soy beans. One week ago, Mr. Schnell who assisted a neighbor, Chester Case, at a time when a death occurred in the family, by moving weeds along the U. S. route 30 highway, was seriously injured when he was run down by an Iowa truck driver who fell asleep and drove into the mow.

At the time it was believed that his injuries were only of a minor nature, but later it developed that he had sustained a back injury which necessitated his removal to the Amboy city hospital. His condition today was reported to be considerably improved and it was thought that he would be able to return to his home within a few days.

Without His Knowledge
Without his knowledge, the neighbors organized and appeared at the Schnell farm home at 1 o'clock. Twenty of the farmers drove their tractors while about 35 others brought hoes. The tractors were divided and started plowing two fields of corn and one of soy beans while the other farmers divided into groups and with their hoes, cut down thistles and cockle burrs. In about two and one-half hours the corps of voluntary workers had completed ploughing the three fields.

In one group, C. A. Ulrich kept the workers informed of the progress of the Cubs-Pittsburgh baseball game with the radio which he had mounted on his tractor. There were several makes of tractors

Baptist Picnic

On the Fourth of July, the big Baptist Sunday school picnic will be held at the school park. This is to be a good old fashioned picnic, with modern sports and fun. There will be entertainment for all, croquet playing, horse shoe pitching, all kinds of racing, a tug of war, pie eating contest, and other games.

The fun will start at 10 A. M. with a softball game between the married women and the single girls. Following will be a tug of war, after which the usual delicious picnic dinner will be enjoyed. All are asked to bring well filled baskets. After the dinner fifteen minutes of group singing will take place.

At one-thirty the always hotly contested baseball game between the married men and the single men will be played. Urish pitching and Brewer catching for the single men, while Ambler and Shaddick will do the chores for the married men.

The free for all race should be a whiz. Al Linden, former track star at Mooseheart, will try to uphold the married mens standard, while such youthful stars as Jack Fleming, and Roger Tarr will bear the single mens flag.

And of course the big question is: can Rev. Meyer whip Chuck Baker in the colorful pie eating contest. Or will some dark horse like Mr. Hunter or Willy Bisgaard, or perhaps Dean Urish, walk off with a full stomach and a prize.

A big time is sure to be had, don't miss the fun. Bring the entire family and your friends as well. Come early, as the fun starts promptly at 10 A. M. Don't forget to bring your baseball equipment, horseshoes, croquet sets, and other such games. And ladies, remember those rolling pins, and clothes pins.

Maxine LaPorte to Wed

In Paw Paw the many friends of Miss Maxine LaPorte, will be interested to know of her marriage to Lawrence Plank, in Cleveland, Ohio on Friday, June 28. The vows were taken in a church wedding at 8 o'clock in the evening before a small company of intimate friends. After a ceremony, a short honeymoon trip will be enjoyed, and the happy couple will return to Cleveland where they plan to make their home.

Mr. Plank took Mrs. Eula LaPorte to Cleveland, last week for the wedding and she will remain for a few weeks' visit.

GEORGE WASHINGTON SAID:
"Excessive partiality for one foreign nation and
excessive dislike of another cause those whom they
accuse to see danger only on one side, and serve to
veil and even second the arts of influence on the
other. Real patriots who may resist the intrigues
of the favorite are liable to become suspected and
odious, while its tools and dupes usurp the ap-
plause and confidence of the people to surrender
their interests." From the Farmwell Address.

Where Is Youth?
There is something symbolic in France turn-
ing in its last hour of extremity to old Marshal Pe-
tain, 84 years old.
Both Britain and France have failed since the
World War to develop young leadership in tune
with their needs. Possibly the leadership that should
have arisen lay buried in some shellhole in Fland-
ers. In any case, France floundered along with its
Millierands, Briands, Poincares, Herriots, and

Blums and Laval until—by the time younger men
like Daladier and Reynaud came along—it was too
late. So, too, in England the Baldwins and Cham-
berlains fumbled the ball and Britain turns at last
to Churchill, another leader of the vintage of World
War I. Germany produced no civil leader of stature
after the World War, turning at last to old Hinden-
burg when he was a mere walking zombie. Hitler,
of course, was at war from the day he took office
and before. He has not even yet been in a posi-
tion to show whether he has any talent for civil
government.

This inability to produce young and vigorous
leaders is Europe's failure. It is a failure that will
not plague the United States, which did not lose the
cream of a whole generation in war, and has not
even that excuse for failure to develop leaders
among its younger men.

Self-Protection—A Right and a Duty
It was clear at the outset that the United States
did not send two cruisers to South American waters
to collect tropical butterflies.

Exactly why they were sent becomes clear with
the unmasking in Uruguay of a Nazi military plot
to seize that country with the co-operation of "Fifth
Column" elements in that country and trained Ger-
man war veterans from neighboring Argentina. Twelve
Nazi party leaders have been arrested and another
avoided arrest only because shielded by being
officially on the staff of the German legation. Machine
guns and arms were discovered, and elements
of a widespread plot exposed.

Uruguay is to be congratulated on having acted
promptly. The best way to halt these cancerous
growths within American states is by major opera-
tions as soon as they are discovered.

This determination on the part of South Amer-
ican nations to protect themselves is the best hope
of keeping the Americas clear of foreignisms. For
the United States can scarcely be expected to pro-
tect countries which do not try to protect them-
selves from foreign influences.

THE NEWS**

Washington, July 2—An auto
trailer campaign to hit every pos-
sible crossroads of the country in
person, was the sensational plan
and ambition of Wendell Willkie,
when he started his closed confer-
ences with his Republican asso-
ciates to map out their schedule of
Republican action.

It has never been tried before
on a national scale. All presiden-
tial candidates of late years have
glided around the country on spe-
cial trains, missing the flag stops,
speaking in the larger cities. They
depended on radio to reach the
crossroads.

That method may have reached
the people adequately in the past,
but in recent years continuous
communities have stretched out
along the fast new roads particu-
larly in the middle west and east.
The industrial cities of the east
and the farm cities of the middle
west no longer afford a repre-
sentative rostrum to reach a complete
cross section of the people.

The late Huey Long inaugurated
this crossroads type of trailer
campaign in Louisiana and Arkan-
sas with astounding success some
years ago. He reached his hand
down into the grass roots of the
electorate by meeting his voters
at the side of the road, any road,
with sound trucks bearing a lively
tune. The politicians said it was un-
dignified but apparently the voters
did not think so.

Such a campaign on a national
scale requires unique physical en-
ergy, but the 48-year-old Willkie
indicated he could do it when he
milled for a week, elbow to elbow,
with the teeming delegates at Phil-
adelphia, anxious to talk with any-
one, anytime about anything.

No candidate for any nomina-
tion ever went at it the hard way
he chose at Philadelphia. An Indi-
ana news-man wanted an answer
immediately to an inquiry while
Willkie was taking a shower. When
he sent in word he could not wait,
Willkie invited him into the bath-
room and the interview was held
there. Another news-man from
Atlanta who did not know Willkie
stopped him on an elevator and
asked: "What will you do for
Atlanta?" The inquiry caught
Willkie on his heels for a moment.
His answer was: "Have you had
hunch?" They went into a cut-rate
drug store, sat on a stool at the
counter while the candidate talked
for half an hour.

It was all like that and appar-
ently it is going to continue that
way.
A crossroads campaign should
cost much less. It will save rail
and hotel bills which mount into
money. Candidates must pay about
80 fares for special trains and take
over entire hotels to accommodate
large parties. This, however, could
not have been a major considera-
tion in Willkie's plan as it is
hardly probable he will lack finan-
cial support.

The main thing is that the au-
thenticity of radio, as a personal-
ity purveyor, has been worn thin
in the public mind. A charming
lady crooner too often turns out to
be corrupt. Television has been
perfected (as demonstrated at the
convention hall) but the sets have
not been sold to a sufficient
number of people yet to make this
device acceptable as a campaign
medium.

The designation of Charles Mc-
Nary for the vice-presidency was
just as much a miracle as the
choice of Willkie, and just as wise
politically. McNary is the Jack
Garner of the Republican side in
Congress, just as experienced in
the mechanics of legislative poli-
tics. He is as level-headed as any
man in public life and has long
rated a higher position than the
Senate minority leadership but as
he comes from the politically re-
mote state of Oregon his career
has not been encouraged by the
impetus which seems to flow
justly or unjustly, behind the pub-
lic men from the big voting states
of the east and lake regions.

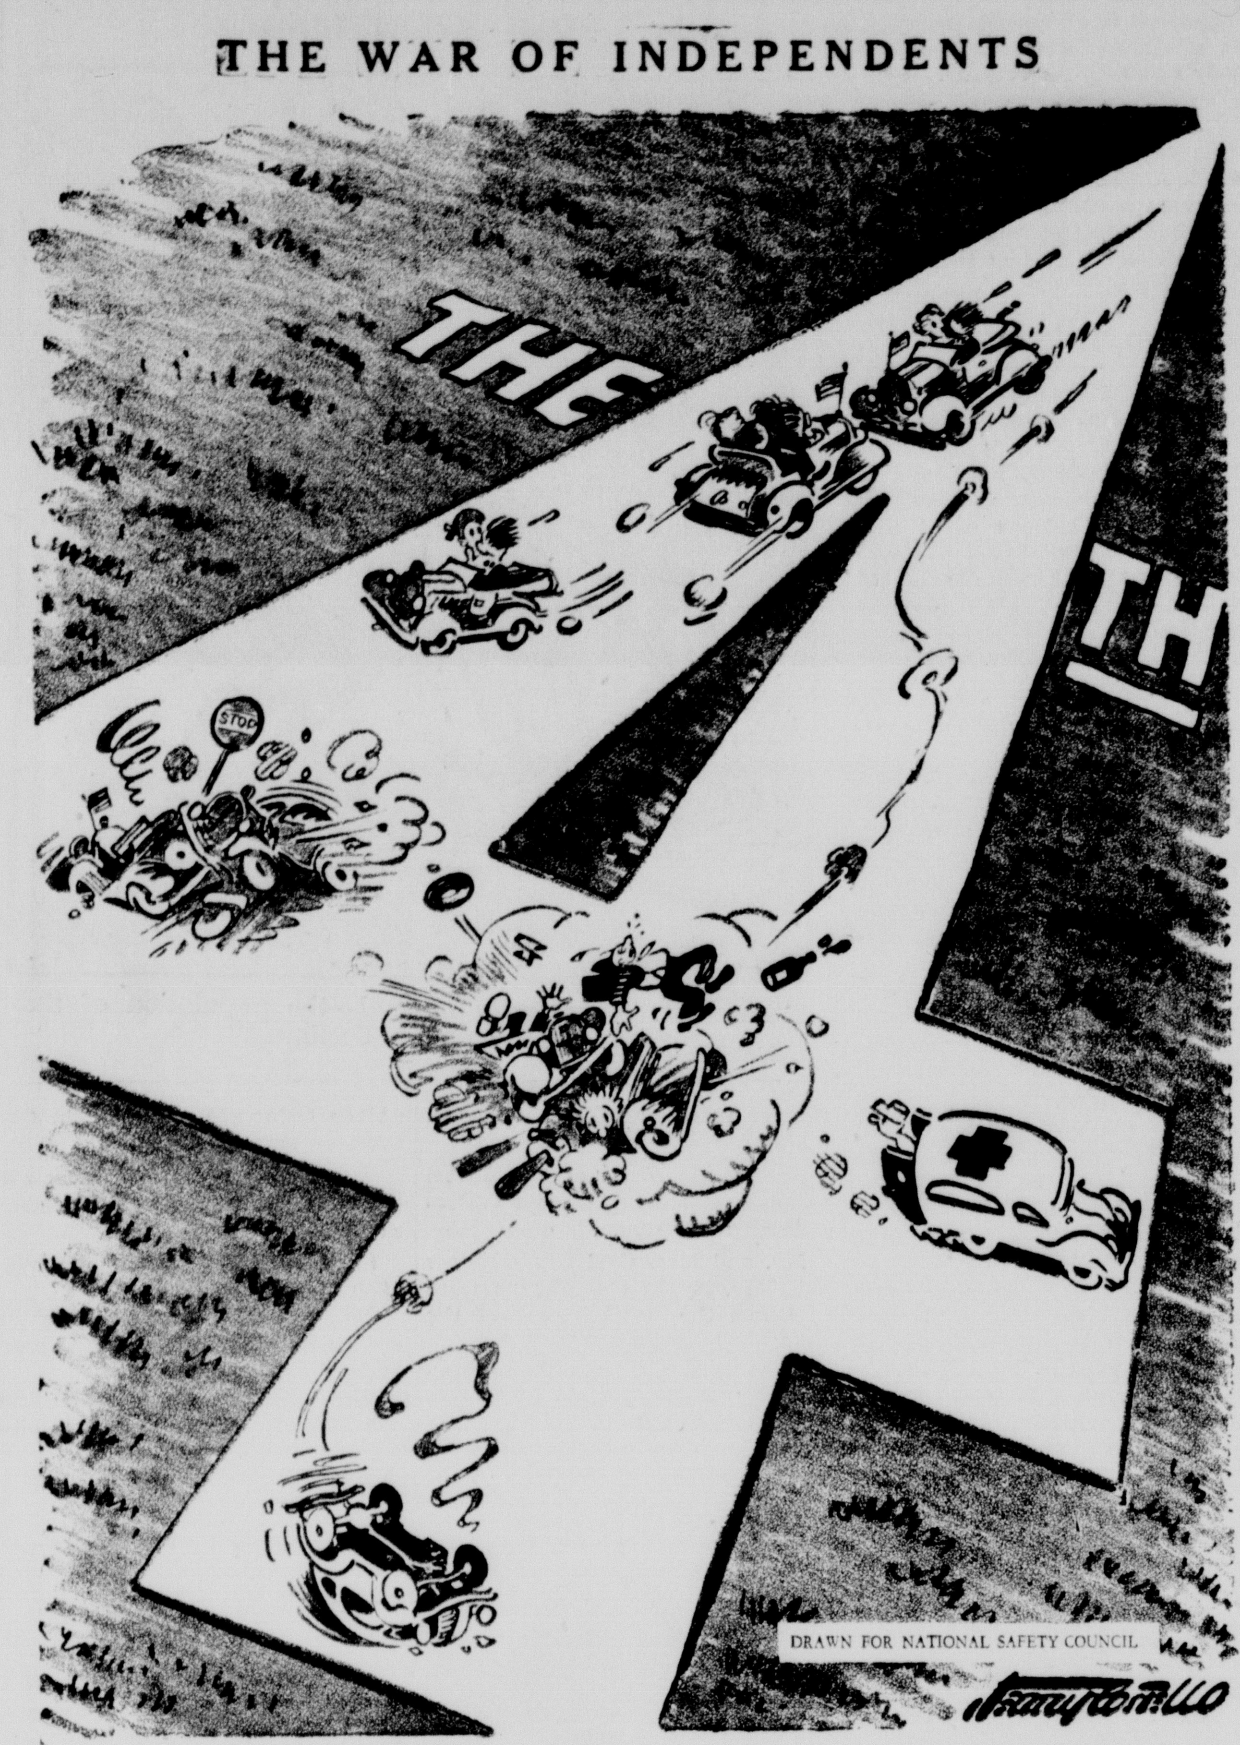

More than any other suggested
Republican vice-presidential can-
didate, he is qualified by experience
as well as intelligence to handle
Congress for the White House and
to handle the presidency should
the occasion arise.

News in Brief

Jersey City, July 2—(AP)—
Maxie Baer swung a punch at
Tony Galento while the two heavy-
weights were posing for photo-
graphs here today, and their
handlers had to pry them apart as
they took turns snarling threats
at each other. A wild right swing
glanced off Tony's abundant stom-
ach after he had slapped Baer's
guard down.
All had been fairly peaceful
while the pair weighed in for their
15-round bout tonight in the ball
park. Galento scaled 244½ and
Baer 221½.
Later, they struck their fighting
poses for the cameramen, and the
bulbs were flashing when Tony
suddenly slapped Baer's left fist
down. Possibly he thought Maxie
was holding it too close to the
Galento features.
Baer's reaction, at any rate, was
fast and apparently serious. He
swung with everything he had,
and Tony braced to meet him as
their handlers rushed in and grab-
bed both men.
"I'll get ya tonight, ya mug,"
shouted the enraged Galento.
"That's all I'm waiting for,"
yelled Maxie right back.
The incident appeared to have
been spontaneous.
Previously, Galento had told
Commissioner Abe Green that he
did not want either of two promi-
nent referees—Paul Cavalier or
Gene Roman—in the ring tonight.
Greene told Tony he (Tony)
could not name the referee, and
followed up by warning Tony to
fight cleanly tonight.

CEDAR RAPIDS ENJOYS SPURT BUT CAN'T DENT CLINTON

(By The Associated Press)
Cedar Rapids is enjoying an-
other one of its spurts, but the
Raider's haven't been able to make
much of a dent in Clinton's slip
first place in Three Eye league.
The Raiders smacked Spring-
field around again last night, 13
to 5, on a 17-hit attack, but the
leaders maintained their one-game
advantage by outlasting Evans-
ville, 6 to 5. Clinton had the game
sewed up until Evansville scored
four runs in the eighth, tying the
score until the leaders moved
ahead again in their half.
Roman Roh gave Waterloo only
eight hits but that was enough
for the cellarites to defeat Deca-
tur, 6 to 1. Prince gave the Com-
mies only two hits. Moline's Me-
ketti was almost as stingy, setting
Madison down with five hits for
an 11 to 4 decision.

SERIAL STORY

PEACE—SHE'S WONDERFUL BY ISABEL WAITT

COPYRIGHT, 1940, N.E. SERVICE, INC.

YESTERDAY: Wayne Dennis,
en route from Boston to Los An-
geles to marry Rhoda Lowell,
agrees to take Peace Warren, 6-
year-old daughter of a friend, to
her grandmother. Before the train
leaves, Peace gets lost. Denny
frantically searches the wrong
child, is chased as a kidnaper. He
recovers Peace in time to catch
the train but another passenger,
Mrs. King, eyes him suspiciously.

CHAPTER II

"NOW we're going through the
Mohawk Trail. Used to be full
of Indians."
"Will they burn up the train,
Uncle Denny?" Peace tore her
startled gaze from a family of
children across the aisle to hunt
for a blazing covered wagon and
a ring of movie savages. Nary a
warwhoop!
"Don't you wish it was our real
honey-moon, dear?" she heard
Denny ask Rhoda.
"What's a honeymoon, Uncle
Denny?"
"Wh-why, a honeymoon's a trip
you take right after you're mar-
ried."
"What's married?"
"Married? Wh-why, married's
when two people live together,
like your Mummy and Daddy."
"Are you and her married?"
"Don't ask so many questions,"
Rhoda snapped. "Didn't you bring
anything to play with?"
"Darby and Joan." Peace patted
the small case on the seat beside
her, but just then her attention
was attracted by a chocolate and
the beckoning finger of the woman
in back of Rhoda and Denny. Rid-
ding backwards, Peace had been
watching her some time. Now she
sidled into the aisle.
"Ask Mamma," the lady said.
"But I can't. She's in the
H-O-S-P-I forgot the rest of it." She
seized upon the sweet, nib-
bling joyfully.
"So-oo! Then who's that
woman with your father?"
"He says to call him Uncle, but
he's—he's just an Old Man." That
was what Daddy called him, wasn't
it? Peace accepted a pink bon-
bon. "Who are you?"
"I'm Mrs. King, dear. Do you
know these people real well?"
Peace shook her head. "Never
saw 'em before we got on the
train," she said truthfully. "He—
he came and took me."
Mrs. King looked terribly queer,
glaring at the back of the two
heads close together in the for-
ward seat. "Don't you be afraid,
little girl," she whispered. "You
Auntie King will be right here if
you need her."
The couple in front sounded as
if they were quarreling. "Don't
call me honey. That's what you
call Peace. Ridiculous name to
give a young one."
"Isn't it?" Denny agreed.
"—world at war. —a pacifist or
something. —rabid on the sub-
ject."

Illustrated by George Scarbo.

"Snake!" Rhoda screamed. "In the salad!"
"It's Darby, my turtle," Peace explained.

"Don't let her, Denny. We don't
want her sick on our hands. Not
till we get rid of her."
"Did you hear that?" Denny
caught the King woman's hiss,
and the horrified glance Miss Love
turned on his fiancée. Had Rhoda
seen it too? Her fork clattered to
her plate. With a little shriek she
stood up, backed away from the
table, crying, "Take it away! Waiter!"
"Somep'm wrong, Miss?" Black
hands seized the tempting looking
dish. Eyes popped, the whites
rolling in amazement. "Well, I
never!"
"Take it away quickly, Ugh!"
Rhoda slumped back into her seat.
Peace reached an anxious hand
towards the platter and came
away with a lettuce leaf. "It's
only Darby," she explained, show-
ing the small Mexican turtle,
green, about the size of a half dol-
lar and edged with red spots, that
wiggled in her palm. I wanted
salad for 'em but you wouldn't let
me have any, so I let 'em nibble
yours while you ate the rolls.
They only took a little. Why,
where's Joan? Rhoda Lowell, did
you eat her?"
Rhoda paled. "I'd as soon eat a
snake. Is one of them lose?"
"Snake!"
"Snake!"
"Snake!"

THE diner took up the cry.
Women clutched their skirts
and climbed on chairs.
Denny cried: "Don't be alarmed!
Only a baby turtle!" But it was
too late. They cry of snake
drowned him out. The well-
known pandemonium reigned.
Peace, on her knees, crawled
under the tables, even after things
had quieted down. "Don't step on
her!" she sobbed. Rhoda failed in
trying to drag her out of the din-
ing car. "Me won't go with you!
Poor little Joan!"
"You see?" Mrs. King resumed
her seat and patted her beads re-
assuringly. "She's afraid of them.
The vipers!"
It was Carole Love who found
the missing pet. "Here's your
pet!"

Crothers Comedy Is Requested by Theater-Goers

When Rock river valley summer theatre-goers asked Richard Vernon, director of the Grand Detour Players, to repeat one of last season's productions, he immediately selected Rachel Crothers' comedy success, "Let Us Be Gay."

In announcing his choice of "Let Us Be Gay," Mr. Vernon pointed out that while the play was one of last season's best productions, it was the opening show of the season, and was seen by comparatively small audiences, and is being repeated for the benefit of those missing the first performances. The play is brimming with trying though amusing situations which move to a whirlwind finish that leaves the audience completely satisfied.

Dorothy Fellows, Maurice Blythe and Howard Ledig, who appeared in the play last summer, will be seen in this week's production, together with Joan Norlander, Winnie Hoveler, Steve Reed of Oregon, Dee Greene, Director Vernon, Wallace Dace, Jim Krulish and Kay Harris.

The regular schedule of performances will be followed this week. The opening performance will be presented at 8:30 p. m. Thursday, and will be followed by shows at the same hour on Friday, Saturday and Sunday, and at 8 p. m. Sunday.

WA-TAN-YANS TO PARTICIPATE IN HOLIDAY EVENT

Final plans for the chapter's participation in Dixon's Fourth of July celebration were completed at a special meeting of Dixon Wa-Tan-Yans last evening at the Chamber of Commerce. Miss Helen Nagle, the chapter president, assigned the schedule of hours for the group's ice cream booth, which will be located just west of Galena avenue on the "Midway".

During the past year, the chapter, whose membership numbers 34, contributed more than \$200 to service projects in this community. Miss Grace Koeppe and Mrs. Roy Wilhelm are to have charge of the booth, which will be open from 9 a. m. on.

V. F. W. WOMEN PLAN DANCE FOR WEDNESDAY NIGHT

Mrs. Wallace Morrison of Rockford has invited the group to her home for luncheon on Saturday. Mrs. Ellis and Mrs. McCoy are visiting their respective parents in Rockford.

ANNOUNCES MARRIAGE OF EVA NOBLE

Mrs. Emma Noble is announcing the marriage of her daughter, Eva, to Harold Stroup, son of the J. Nevin Stroups, Saturday, June 15, in Clinton, Iowa. The Rev. Carl Lambert, pastor of St. Paul's Lutheran church of Clinton, read the single ring ceremony.

The bride wore powder blue, and her maid of honor, Miss Gladys Stroup, chose an orchid-shaded dress. Their corsage bouquets contained pink roses, sweet-peas, and baby's breath.

A wedding dinner was served at the Lafayette hotel. The newlyweds are at home to friends at 1213 Fourth street.

Mr. Stroup is employed by the Byron Transfer company at Byron. The bride is an employee of the Freeman Shoe company.

SOUTH DIXON CLUB HOLDS PICNIC AT MILLER RESIDENCE

Baseball, horseshoe pitching, croquet and hikes along the river were diversion for guests attending Sunday's picnic gatherings of the South Dixon Community club at the Norman Miller home. About 60 members, their families and friends, were present.

BOARD OF THREE MAY BE HEAD OF WILLKIE DRIVE

Republican Nominee is Working on Strategy for Fall Campaign

New York, July 2.—(AP)—A new type of setup for a national political campaign was under consideration today by Wendell L. Willkie, the Republican nominee for president, who was reported to be ready to name a committee of three to head his activities.

One man, it was understood, would be the campaign manager, another would be the national chairman of the party, and a third Willkie's personal representative.

Willkie himself declined to discuss the situation at a morning press conference. But it was considered likely one of the three men would be John D. M. Hamilton, present head of the Republican committee; and another, Russell Davenport, former managing editor of Fortune who quit his job to work for Willkie's nomination.

Davenport was with Willkie on the week-end yacht trip following the Republican convention and has been described by the nominee as a man "who has my confidence."

No Choice Made Yet
Willkie said he had made no choice of a man to handle his campaign, and added:

"I am looking for that man now. He must be a strong, vigorous man with organizing ability and he may be a business man, a newspaperman or a politician."

"But he must know his way around."

The candidate breakfasted today with Samuel Pryor, national committeeman from Connecticut and an early backer of Willkie, and expected to confer again later with Gov. Harold Stassen of Minnesota, his floor manager at Philadelphia.

Asked what part Governor Stassen might play in his campaign Willkie replied:

"As active a part as I can get him to play."

Getting Cooperation
He said he contemplated no difficulty in adjusting his more or less unorthodox campaign methods to those of the regular organization and added he was receiving splendid cooperation of all sides.

Willkie said he hoped to see Senator McNary, the vice presidential candidate, in Washington before leaving on a vacation, the date of which still has not been set.

"I hope to be able to announce the basis for my campaign setup by Friday," Willkie asserted. "However, I want to give the whole matter serious consideration, and I may not be able to have it completed by that time. Certainly it will not be before Friday."

Willkie said he would have an important announcement to make, perhaps at his afternoon press conference, on campaign policy, with particular reference to his views on campaign contributions.

Previously he had said he would prefer a great many small contributions rather than a few large ones, at any rate none over \$5,000.

Willkie said he planned also to see the sub-committee of the national Republican committee, which is to meet tomorrow in New York, and which has authority to select a national chairman. He did not think any definite conclusion would be reached at his meeting with the members.

A good salad dish for warm weather meals might be made of selection of three or four vegetables—cooked string beans, carrots and beets cut shoe-string style with diced raw celery and shredded cabbage on crisp lettuce leaves. Garnish with deviled eggs and strips of cold boiled ham or spiced meat. Serve a clear, hot tomato soup as first course, toasted rolls with the salad, deep dish rhubarb pie, hot or iced tea, milk.

MONDAY NIGHTERS

The scramble supper which Monday Nighters had planned for last evening was postponed until 6:30 p. m. Friday. Mrs. Ellwood Ortgiesen will entertain.

DINNER HOSTS

Mr. and Mrs. Cal Tyler will entertain at dinner tomorrow evening, complimenting Major and Mrs. I. E. McLaren of Springfield, Mass. formerly of Dixon.

State Hospital

By George E. Phillips

An open letter to all sparrows who reside or contemplate residing on the state hospital grounds: There is an excellent one room apartment with all modern conveniences just vacated and available for rent located in the street lamp just across the street from cottage A-3. May be inspected at any time.

There is considerable speculation among the employees as to the reason for one of our number wearing an arm in a sling. Rumor says the party in question went horseback riding.

Dwight Black has been transferred from the coal detail to the nursing division. He has been succeeded on the coal detail by Harold Bosley.

George Reiling of the night force left yesterday for his vacation.

The hospital members of the Dixon National Guard company spent Sunday on the rifle range at Camp Grant. So far as is known there were no sore arms reported Monday morning.

The attendants school of instruction has resumed its sessions which are held bi-weekly in the attendants class room in the basement of the nurses home.

Joseph and Mrs. Liewald are vacationing in and around Chicago.

The petite little miss who has been visiting her grandparents, Joseph and Jennie Jordan with her mother has returned to her home.

These hot days the new playground equipment the recreation department has secured for both the A and B side parks is being put in good use. With the addition of this equipment our parks are said to be among the best equipped of any of the various institutions.

John and Mrs. Horsley are now occupying quarters in the residence formerly used by former Master Mechanic Erisman.

British Will to Defend Hongkong Seen in Exodus

Hongkong, July 2.—(AP)—Military regulations tightened with the exodus of many civilians today from war-menaced Hongkong.

The American liner President Coolidge, which had been ordered back to this port to take aboard all Americans wishing to leave, sailed for Manila before dawn with hundreds of refugees of all nationalities in addition to its normal passenger load.

British authorities ordered Hongkong's remaining German and Austrian Jewish refugees to depart by July 7 or be interned. All Italian priests, approximately 65, likewise were told to go, but were allowed until July 26. They probably will move to Catholic missions in the Chinese interior. Italian nuns were not affected by the order.

Authorities hope to remove about 4500 women and children by July 5. The first shipload of British left yesterday aboard a Canadian Pacific liner.

The urgency with which removal measures are being carried out is interpreted to mean that Britain is determined to resist the Japanese demand for closing of the supply route to China through British Burma, even though this means an attack on Hongkong.

Backslappers Hit Dempsey Harder Than Opponent

Atlanta, Ga., July 2.—(AP)—The cry of the crowd and the clang of the cash register beckoned middle-aged Jack Dempsey down the comeback trail today after his lopsided knockout of a tubby wrestler.

It took the old Manassa mauler only four minutes and 58 seconds last night to pound Clarence (futile) Luttrell into insensibility, and before the flabby 224-pound grappler regained consciousness the former heavyweight champion's glad-handers were assuring him that he was the "Old Dempsey."

Dempsey, weighing 205 pounds, did carry power in his 45-year-old fists but his blows were landing on a practically defenseless hulk and they finished their bloody work before his equally old legs were called on to prove their staying power.

Fresh from a triumphal struggle through a yelling crowd of punch-hungry fans—he was hit harder by the back slappers than he was by Luttrell—Dempsey sat puffing slightly on his rubber table and said "I need more work" when asked if this bizarre return to the ring heralded a serious campaign.

The turnout of about 10,000 paid and the gross of \$15,000 was a bit below advance estimates of promoters.

The whole affair carried an atmosphere of unreality from the time it was announced a few weeks ago that Dempsey was donning the six-ounce gloves for the first time in eight years to settle a "feud" started by some duly presaged scuffles with the wrestler while the old champ was refereeing some of his wrestling bouts.

All through the first round Dempsey poured, on the punishment for the most part long hay-makers in sharp contrast to the lightning fast short wallops of his championship days. He cut the wrestler's nose in the first minute, had him groggy 30 seconds later but was unable to floor him although Referee Nat Fleisher started one count while Luttrell stood weaving drunkenly in his corner.

In the second Dempsey was puffing a bit but soon battered the clumsy groaner to the canvas twice for counts of seven and eight before smashing him completely out of the ring with a left that started from his shoetops.

Luttrell rolled over the platform and struck his head on a photographer's case.

His nose broken, his lips badly cut and one eye nearly closed, the wrestler was carried semi-conscious to his dressing room.

His condition at a hospital later was described as "good."

Dempsey said something about training on eagles and opined he would be "better next time after a month or two of real work."

But when challenged on this "next time" he said it didn't necessarily mean he would try a real comeback. "I'll have to see how I feel," he said.

For a special Sunday night supper dessert, serve crisp waffles with ice cream filling and pour over them a fresh fruit sauce. It will make a hit with guests—and the family.

DIXON AND ELKS ADVERTISED BY HENRY C. WARNER

Grand Exalted Ruler is
Nearing End of Most
Successful Year

One Dixon citizen has been responsible for spreading more publicity for his home town than has been accomplished by other agencies during the past 12 month period. That individual is Attorney Henry C. Warner, who is completing a most successful year as Grand Exalted Ruler of the Benevolent and Protective Order of Elks, whose tenure in office expires this month at the Grand Lodge convention to be held in Houston, Texas.

The name "Dixon, Ill." has spread to every section of the United States where in addition to newspaper publicity, the name has been oft repeated by the chief officer of the most outstanding organization of American gentlemen, the B. P. O. E.

As the year draws to a close, Grand Exalted Ruler Warner has traveled more than 75,000 miles over the country and has visited upward of 300 Elks lodges, in addition to attending state conventions and meetings of Grand Lodge officers. His term in office has been most successful and largely so through his own efforts. Indicative of his energy in this capacity, the Grand Lodge of Elks points with pride to 14 new lodges installed during the 12 month period, bringing the total number of subordinate lodges in the United States to upward of 1,500, with a membership of more than 500,000 members.

\$1,638,000 for Charity
Every Elk in the country takes pride in the report, which has just been released, showing that in excess of \$1,638,000 was expended during the year for deserving charitable purposes. This is in addition to the program for crippled children and numerous other local projects sponsored by local lodges throughout the country.

The popularity of Grand Exalted Ruler Warner in his tours of Elks lodges throughout the country is exemplified by the hundreds of handsome presents which have been presented to him. At his home he has a most interesting collection of these fine tokens, which are of great value.

An editorial in the July issue of the Elks Magazine, titled "A Highly Successful Year", praises Grand Exalted Ruler Warner's efforts in the following words:

Magazine Editorial
"The development of our Order is in a large measure due to the diversification of activities. This naturally results from electing each year Grand Exalted Rulers of somewhat different ideals, each with a different conception as to how improvement can best be accomplished, and who impresses his ideals and personality on the Order. During the year which closes with the Grand Lodge session in Houston this month, we have had at the head of the Order a great Elk and a man of practical business experience who has strenuously endeavored to impress on subordinate lodges the importance of adhering to business methods in handling their affairs. He leaves the Order in better financial condition than ever before."

Yenrich Reunion

Members of the Yenrich clan and their invited guests who gathered about a long table at Hopkins park near DeKalb, for the nineteenth annual reunion on Sunday numbered just 60. A most sumptuous picnic dinner was enjoyed by all and a brief business meeting was held. Howard D. Yenrich of Paw Paw was chosen as chairman of the group for next year, and Mrs. Ida Y. Smith of Mendota was re-elected as secretary-treasurer.

Balloon blowing contests provided fun for both young and old, and some enjoyed swimming in the pool. Souvenirs of the occasion were presented to those present and the afternoon passed quickly in visiting.

The group members are looking forward toward their twentieth annual gathering which will be held the last Sunday in June, next year at Sycamore park.

Those attending the reunion requested to give him the same sincere support.

"The year closes with great concern on the part of every thoughtful American citizen. The dramatic impact upon our consciousness of the European situation has become the important and immense theme of our stream of thought. The ultimate destiny of mankind is now uppermost with every loyal, thinking American. Are we to be drawn unwillingly, unwittingly into a tragic conflict, or will we be spared that terror? In the past, the citizens of our great country, which extends from coast to coast, teeming with boundless energy and limitless possibilities, have always had a potential power to successfully cope with and solve any national problems which arose. Perhaps never before, however, have insidious influences been so subtly or so secretly aggressive.

"Elkdom has increased in numbers and in patriotic effectiveness during the year which is drawing to a close. May we continue unabated and unceasingly our efforts throughout the coming months and years, with a proper regard and esteem for America and all its institutions. May 'life, liberty and the pursuit of happiness' be guaranteed to those who are to follow, with every blessing which we have so bountifully enjoyed in the past. If those who have heretofore served Elkdom and their country so well and so faithfully unite with those who have more recently joined our ranks, the future of our beloved nation will continue to be safe and secure."

Grand Exalted Ruler Warner conveyed to the membership of the Elks his final message in the same issue of the magazine, which reads as follows:

"My final opportunity to write an official message to Elkdom is at hand. The 'moving finger' has well high completed its writing, and other hands will soon take over the reins of leadership. Sincere appreciation is expressed to every member of our Order for granting me the privilege of serving as your Grand Exalted Ruler. To my successor is pledged my most earnest cooperation, and those who so ably assisted me are

were from Milwaukee, Wis.; Berwyn, Waukegan, Melrose, Aurora, Ottawa, Mendota, Earlville, Paw-Paw, Dixon and Ashton.

Musical Service

Members and friends of the local Evangelical church enjoyed a musical treat on Sunday evening when the choir of State Street Evangelical church in Rockford came to Ashton and gave a program, directed by the Rev. Paul A. Washburn, pastor of the Rockford church.

The program consisted of several selections by the robed senior choir, anthems by the Intermediate girls' chorus and a clarinet solo. All who attended enjoyed the concert.

Mrs. Clarence Drummond and Mrs. Ida Batchelor, motored to Halcane on Friday and were guests of Mr. and Mrs. Oliver Hedrick. They were accompanied home by Mrs. Eugene Gibson of Madison, who had been visiting at the Hedrick home.

Illinois Corn Crop Improves in Past Week

Springfield, Ill., July 2—(AP)—Widespread rust damage to wheat, but an improvement in the condition of the Illinois corn crop, were reported yesterday by the state and Federal departments of agriculture in their weekly crop review.

The report said early threshing returns from southern and lower central Illinois soft wheat areas were "disappointing" with yields and quality varying widely. Light to moderate rainfall aided corn growth and the soybean prospect was described as "up to average."

The report said in part: "Illinois crop prospects are reported fair to good though yields and quality of winter wheat show considerable variation due to rust. 'Late crops are beginning to show the need of rain in some middle and west central counties. Crop conditions are holding up fairly well even in the drier areas due to continued moderate day temperatures and rather cool nights."

"Winter wheat harvest is under way as far north as the lower west central counties and the crop is either ripe or ripening in the central and lower east central counties. Early threshing returns from southern Illinois or the soft wheat area vary widely and will average somewhat below the earlier favorable outlook, due to rust damage. Yields and quality have been especially disappointing in some of the heavier stands or in lodged grain or in later field in the lower west central counties."

"Oats reports range from poor to very good. Harvest has started in the south and some of the earlier fields are beginning to turn in the central area. "Corn condition has improved during the past week. Many fields in eastern Illinois show the lack of timely cultivation, but this work shows better progress lately. Height of stands range from six inches to four feet, and largely from one and one-half to two and one-half feet."

"The soybean prospect is up to average x x. Hay crops are above average. Pasture feed is rather short in some of the drier areas."

British Blockade Extended to Many of France's Ports

London, July 2—(AP)—Britain's blockade has been applied to French ports to prevent goods from reaching Germany but has been deferred against French colonies pending clarification of their status, Hugh Dalton, minister of economic warfare, informed the House of Commons today.

Clement R. Attlee, lord privy seal, and Prime Minister Winston Churchill's lieutenant in Commons, said that Dalton would make a further statement on the blockade in a secret session if the members desired it.

Sir John Anderson, minister of home security, said the government believed that "in order to defeat the efforts of the enemy to dislocate production in war industries, workers engaged in war production should continue at work after public air-raid warnings until it is clear that enemy attack is actually imminent in that locality."

The air command, he said, would be cautious about sounding air raid alarms to "avoid unnecessary and undue interference with civil life."

Orderly dispersal of the population is part of ordinary defense policy, Attlee declared, but he said "panic evacuation was opposed."

After War Secretary Anthony Eden had told the House that Czech and Polish soldiers were being reorganized to continue the fight against Germany, Attlee announced that the government was giving urgent attention to encouragement of French forces able and willing to continue fighting.

The War Today—

(Continued from Page 1)

crush and dismember the British empire. Also, it is vital that he protect his Balkan supplies by preventing a general upheaval there if possible.

This ill wind which is blowing across the reich from Moscow might easily prove to be a good wind for England. About the only adverse effect it could have on Britain would be to force Hitler to speed his attack in an attempt to end the war in the west quickly, to take care of anything that might grow out of the Russian move.

The alternative to a quick onslaught would be an effort to starve England into submission by a blockade about the British Isles. That or the conclusion of peace.

In the matter of peace which we have been hearing so much about, while I am not suggesting that it is likely it does seem like a safe bet that Hitler must have at least paused to consider offering England some sort of terms in view of the Russian development. Should the bolshevik threat become more grave, it wouldn't cause overwhelming surprise if he did indeed say to British Premier Churchill: "You keep what you have and I'll keep mine." The fuhrer could afford such an offer, and it might be tantalizing, though England would be asking for trouble if she accepted.

Anyway, Anglo-German developments will depend in no small degree on what Russia has up her sleeve. This invasion of Bessarabia and northern Bucovina of course cuts a lot deeper than a racial question and the return to Russia of land which she held formerly.

For generations Russia has dreamed of driving a path down the Balkan peninsula to Constantinople, to secure control of the Dardanelles and thus dominate this whole area of the eastern Mediterranean. Peter the Great was one of those fostering this idea, but it wasn't until 1812 that the Russians made real headway in their program.

Prior to that they had forced their way southward until they had reached the great Dniester river, which according to Rumanian tradition God had placed as a boundary between Rumania and Poland. But the Russians had no thought of stopping at the Dniester, which formed the northern boundary of Bessarabia. They wanted to get through to the river Prut, southern boundary of the province.

The Prut joins the Danube 75 miles from the Black sea, and control of the Prut also gives control of the mouth of the Danube and a wide stretch of the coast. Dominance here would pave the way for the drive down the peninsula to Constantinople.

To realize this dream Russia engaged Turkey in war in 1806, and in 1812 a treaty was signed under which the former got Bessarabia. There matters stood until 1918, just after the World war, when Rumania recovered the province. Now Russia has it back again.

Authorities Are Concerned Over Shanghai Status

Shanghai, July 2—(AP)—Foreign authorities responsible for order in Shanghai's foreign settlements viewed with grave concern today a mandate by Wang Ching-Wei, head of the Japanese-sponsored Nanking regime, ordering wholesale arrests of Chinese residents within them.

Wang demanded the arrest of 85 Chinese, many of them prominent on charges of agitating against his government.

Foreign authorities said that "beyond doubt the action is of Japanese origin, connected with a long-existent Japanese program of attempting to eliminate all Chinese here who are in any way opposing Japanese aims."

These authorities said that the Nanking regime has no jurisdiction in the foreign areas, and that the mandate, if prosecuted, signifies impending forcible measures against the settlements or a long-drawn program of kidnappings and assassinations.

The list includes Eugene Kiang, a member of the International Settlement municipal council; Loy Chang, a high official of the Chinese customs, which now are Japanese-controlled; and Li Ming, chairman of the Shanghai Bankers Association, one of the best-known Chinese financiers.

Of the 54,196,480 acres in Minnesota, 2,447,360 acres surfaced by water.

Jensen Hurls No-Hitter; Sparky's Upsets High Life

FANFARE

By DON DANIELSON.

PUBLIC OPINION

Polling some of the populace shows that the majority of opinion is that Maxie Baer is serious at last and will win tonight's fracas with Tony Galento. Among those who give Baer the fight are: Ralph Webb (who met Maxie in the early days of his training in Chicago), Art Carlson (former Dixon softball player who is here with his wife on a vacation from his work at Peru), John Mensch, Red Ellis, Oscar Witzleb (who believes Baer is one man not afraid of Tony), Al Boyd, Harold Shapiro, Ray Holland, Harry Quinn, Frank Worman, and Bones Carlson. Those who give the fight to Galento are Barney Thompson (who knows what the inside of a ring is like himself), Maxie Fordham, Russel Bush (who says the referee also has a good chance). The fight will be heard over WENR starting about 8 p. m. C. S. T.

SUNDAY FEATURE GAMES

Offering another big night at the Airport Sunday, the James Billiards will tangle with the strong Genesee club in the main attraction and the Three Deuces will play the Sterling Cities Service in the opener.

BASKETBALL STAR

Harold Shapiro, pitcher for the High Life team, is a basketball star at the University of Illinois where he will be a senior next year. Harold specializes on long shots.

BOYS' AND GIRLS' TENNIS CLUBS

Avis Adams, Vera Anning and Marion Ackert, members of the newly organized girls' tennis club, were out for practice on the high school courts last night. Other members of the organization already signed up are: Gertrude Wallin, Dorothy Hurst, Jeanne Henneman, Anna Malarek, Alberta Stocker, Mary Imfeld, Betty Ambrose, Bette Witzleb and Kate Rice. The boys' team, open to players under 15 years of age, already includes: Bud Labr, Richard Gordon, Phillip Reilly, George Acker, Ted Mason, Bill Goff, Wally Schnake. Rankings will be kept in both organizations and tournaments are being planned.

HOLIDAY GAME FOR V. F. W.

The V. F. W. hardball team is scheduled for an early-morning game with the State Hospital on the Fourth of July. The V. F. W. boys will replace the Legion team in meeting the all-star team at the colony diamond at 8 o'clock in the morning. The game is scheduled early to give the participants a chance to see the big Homecoming parade.

ACCEPT CHALLENGE

The playground softball team, directed by John Mitchell, has accepted the challenge of the Sinclair Oilers and will meet the league team soon. The playground boys are justly proud of their record thus far in the season, and welcome all challengers.

DIXON GIRLS WIN

The Dixon girls' softball team went to Sterling last night and rapped out a 12 to 7 victory in five innings. M. Hilliard and Rodrick composed the winners' battery.

KNACKS PRACTICE TONIGHT

The Dixon Knacks who go to Steward next Sunday, will hold a practice session tonight at Reynolds Field at 5:30. It is important that all team members attend the practice in an effort to maintain the lead which the Knacks now enjoy in the Illinois State League.

FEATURE GAMES TONIGHT

Softball fans are to be treated to a rare feature tonight when the Reynolds Wire club meets the Polish Outlaw team, a clown club, in the first game at the Airport tonight at 8 o'clock. In the second game the United Cigar will play the undefeated Sullivan of Rock Falls.

IT'S GETTING TO BE A HABIT

Added to the list of the golfing great is the name of Jack Buchanan, a member of the Dixon high school 1940 golf team, who made a hole-in-one at Plum-Hollow Country club yesterday afternoon. Using a Number 5 iron on Number Nine hole, he dropped the ball on the green where it rolled into the cup for a drive of 160 yards. Earl Pelton and Russell Brown were in the threesome and are witnesses to the feat. Buchanan came in with a card of 43 for the nine holes.

Browns Causing More Turmoil Than Junior Circuit Has Known in Years

BULLETIN

Chicago, July 2—(AP)—President Will Harridge of the American League upheld today a protest by the New York baseball club of the 11-inning, 1 to 0 defeat of the Yankees by the Chicago White Sox June 29 and ordered the game re-played at Comiskey Park.

In the second inning, with the score 0-0, Bill Dickey of New York hit a foul fly to left field. Outfielder Julius Solters caught the drive but dropped the ball as he attempted to prevent his cap from falling from his head. Umpire John Quinn's decision that Solters had caught the ball was a violation of the playing rule and the league's interpretation of it, Harridge ruled.

Associated Press Sports Writer

The St. Louis Browns better not expect any more "help" from their fellow American League clubs.

The team that finished a poor eighth last year and had to be strengthened during the winter and spring by a series of deals following a reported plea for assistance is causing more turmoil than the junior circuit has known in years.

They knocked the Boston Red Sox out of first place ten days ago and last night they undermined the Cleveland Indians' standing with a 2-1 victory. This shaved the Tribe's first place margin to a single game over the Detroit Tigers.

Elden Auker, the submarine-ball specialist, who was one of the hand-me-downs sent the Browns in the off season, held the Cleveland sluggers to eight hits and might have had a shutout except for a fit of wildness in the ninth inning when he forced in a run by walking Hal Trosky with the bases loaded.

Chafing in Fifth Place

The Browns, chafing in fifth place, were held to seven hits by Joe Dobson, but one was a home run by Harold Clift and the other

was a double by Rip Radcliff, who went to third on an infield out and scored on a wild pitch.

This was only one of five games in the major leagues yesterday won by the team making the fewer hits.

The St. Louis Cardinals crowded out the Cincinnati Reds 3-2 with a similar maneuver. Lon Warneke gave seven hits, but was tight in the pinches. The Cards were rationed on five, but two were home runs by Enos (Country) Slaughter accounting for all St. Louis' runs.

This enabled both the Brooklyn Dodgers and New York Giants to advance on the National League leaders, Brooklyn to within half a game.

The Dodgers got seven hits and the Phillies eight, but Brooklyn triumphed 4-3 with the help of a three-run assault on Hugh Mulcahy in the first inning when Dixie Walker doubled and Joe Medwick tripled. Afterward the Dodgers learned pitcher Van Mungo had undergone an arm operation at Baltimore. He'll be retained as a coach.

The Giants crushed the Boston Bees 7-1, although they had only a 7-6 advantage in hits. Three of the blows were home runs to help Cliff Melton get his seventh victory against one defeat.

Pirates Edge Out Cubs
The Pittsburgh Pirates edged out the Chicago Cubs 4-3 in 10 innings although out-hit 11-8. Vince DiMaggio hit his ninth homer for Pittsburgh to tie the score in the ninth and in the tenth relief pitcher Claude Passeau forced over the winning run with a walk.

Big Buck Newsom got his 11th straight victory as the Detroit Tigers took the Chicago White Sox into camp 3-1. Here again the Tigers were out-hit 6-5, but the only time Newsom let a runner get past second was in the fourth inning when the Sox scored through an error by Dick Bartell. A double by Hank Greenberg and a triple by Charlie Gehringer figured in Detroit's runs.

The New York Yankees and Washington Senators shared 20 hits evenly, but the world cham-

NELSON POTTER

Mt. Morris' contribution to the major leagues, Nelson Potter, was among the stars of yesterday's performances when he checked the Red Sox with eight hits as the Athletics won, 9 to 1.

Swim Lessons to Be Given to the Dixon Children

Regular playground activities Monday, due to good weather conditions, attracted a great number of the city's young people and also found a few visiting children from out of town.

On Tuesday many youngsters utilized the park board's free transportation to Lowell park for a picnic. Swimming, hikes and games, which are supervised, acquired many enthusiastic participants.

Every Tuesday and Friday free swimming instructions will be given to beginners and also to advanced swimmers. At 11 o'clock group instruction for beginning swimmers will be held at the beach. At 12-15 lessons will be offered to advanced swimmers who want to improve their swimming form and learn new strokes. Later when time permits diving instructions will be offered for the advanced swimmers.

Hike Is Planned

At 9 o'clock Wednesday morning, starting from the postoffice, Lucille Covert will guide the playground children on a hike. Children from all the playgrounds are invited to attend and to bring their own lunch.

Due to Thursday being a holiday no activity will take place on any of the playgrounds. Friday of this week is another picnic day at Lowell park and at this time the swimming instructions will begin. All parents are asked to co-operate with the playground staff in restraining children from bringing and using fireworks on the various playgrounds.

JANESVILLE TENNIS CLUB DEFEATS ROCHELLE, 6 TO 2

(Telegraph Special Service)

Rochelle, July 2—Results of tennis match between the Rochelle tennis club and the Janesville tennis club at Janesville, Sunday, in which Janesville won 6 to 2, are as follows:

DON McNEIL WINS SECOND TENNIS TITLE WITHIN WEEK

Haverford, Pa., July 2—(AP)—Sandy-haired Don McNeil needed only an hour to win his second tennis title within a week and bring little Kenyon college its first big-tour championship.

Pouring on a blistering pace, the Ohio collegian whipped Joe Hunt of the naval academy yesterday in the straight sets, 7-5, 6-1, 6-1 in the finals of the National Intercollegiate tournament at the Merion Cricket Club.

A week ago McNeil, ranked third nationally, beat Bobby Riggs at Chicago for the national clay courts crown.

pions easily won 8-4 with the help of five Washington errors and the wildness of Hal Chase, who hit three batsmen, walked four and made two wild pitches. Joe DiMaggio hit his 12th homer and George Selkirk his ninth in behalf of Charley Ruffing, who pitched seven shutout innings before weakening.

The day's only game decided strictly on slugging was a 9-1 triumph by the Philadelphia Athletics over the struggling Boston Red Sox. The A's made 15 hits, two of them home runs by Catcher Frank Hayes. He had a perfect day at the plate, as did Al Rubeling. Nelson Potter held Boston to eight well-spaced hits.

The rise and fall of the Roman Empire seemed like mere peanuts in comparison to the tumble of the High Life softball team at the Airport last night and the records of such big leaguers as Bucky Walters and Joe DiMaggio seemed dwarfed beside the no-hit pitching of John Jensen and the home run which Mark Rohan clouted with all bases populated.

In last night's games, destined to go down in softball history as the greatest twin bill of any season, Bordens defeated Sinclair, 7 to 1, and Sparky's team upset the league-leading High Life club, 9 to 4. The few fans who braved the chilly weather were well rewarded.

In the opening game of the evening the Bordens team scored its first run in the initial frame when Holland walked, advanced on a walk to Conroy, stole third and scored on the catcher's overthrow of third base.

Rahorn Singles

Rahorn socked a single into shortfield to start the second inning and advanced to third on Schroeder's hit. From there he scored on Metzen's sacrifice fly to left field.

In the last of the third Reese scored the Sinclair team's only run when he was given free transportation, went to second on the catcher's error and scored when the second baseman dropped the ball.

Schroeder walked in the fourth for Bordens, advanced on Scriven's free trip and scored on an error by the shortstop. R. Bush slammed a double into left field in the fifth and scored on the first baseman's error when D. Bush was safe at first. Three runs scored in the seventh inning after two were out.

Conroy singled and went all the way to third on the second baseman's error from where he scored on R. Bush's second hit. D. Bush slapped a triple into center field to score his brother. Oehl's hit scored D. Bush.

Jensen's no-hit performance included walks to three and nine strikeouts. Al Boyd did the chucking for the Sinclair team and turned in an excellent performance with a surprise curve ball. He allowed nine hits, struck out eight and walked five.

MANAGER'S DREAM

It was like a dream come true for Mark Rohan of the Sparky aggregation as his mates came through a poor season to boot the High Life league leaders out of the undefeated column, 9 to 4, and that boy Rohan has a lot of baseball in him. Not only did he come through to belt a homer with the bases loaded, but he was responsible for seven put outs in center field, several of them difficult running stabs.

If Rohan was outstanding, he headed his team by only a few inches, for all of the Sparky players were on their toes last night and played inspired ball. For instance, Considine did the hurling and he permitted the High Life sluggers only three measly hits; and Barney Thompson came through in the pinches with two hits in three times to the plate.

Tough Night

It was a tough night on the pitching staff of the High Life as Manager Slain was forced to use both Ogle and Shapiro in an effort to stem the tide.

The High Life took the lead with one run in the first inning when Littrell slapped the first ball pitched into left field, stole second, went to third on an infield play and scored on Randall's infly sacrifice.

Fane singled in the second inning, went to second on a passed ball and scored on the shortstop's error as Bishop was safe at first. Bishop advanced when Bohlen was walked and scored on the second baseman's error.

In the sixth inning the High

Life pitching collapsed and the Sparky lads took the lead, 4 to 1. With one away Considine walked, advanced on Brindel's free trip and went to third on Thompson's hit. Chiverton's socko to right field which should have been an easily fielded ball, was dropped and two runners scored and Thompson scored at the plate when the ball was dropped. Chiverton pulled up at third base. Rohan was walked and Shapiro was called in to relieve Ogle on the mound. Grove was given an intentional pass to load the bases with two out and Diabert was given an unintentional walk to force in one run. Diabert was forced out at second to retire the side.

The tying run scored in the last of the sixth when Randall was safe on a fielder's choice and scored on a bad peg to the plate.

Seventh Heaven

Then came the Sparky team's seventh heaven of the last frame. Reed started the inning with a single to right field. Considine struck out and Reed advanced when Brindel was walked. Owens was safe on a fielder's choice on an attempted force out when the second baseman dropped the ball and the bases were loaded again. Thompson's strikeout made it two away. Chiverton was walked to force in the winning run and Rohan clinched the matter when he swept the bases with his homer.

It was no use for the High Life in the last of the seventh. The tuck was out of them and the Sparky team was far too inspired to be stopped.

Considine's record included three strikeouts and one walk. In five and two-thirds innings Ogle of the High Life permitted only two hits but walked five while striking out six. In one and a third innings Shapiro allowed two hits, walked four and struck out two.

The Ashton Sluggers, winners of the first round of softball at Ashton, appear to be well on the way to a second series title after dropping the Cheesers 16 to 8 in the twin bill at Kersten field last night. In the afterpiece the Chana team thumped the Franklin Groves, 12 to 5.

R. Farver was the winning pitcher in the first game and he permitted nine hits, walked two and struck out seven. In addition, he slammed a home run in the fourth inning with one aboard. Tadd of the Cheesers got a homer in the first with none on base. B. Calhoun and Nuss of the losers were credited with doubles and Jenkins and Gehrt got two-baggers for the winners.

The Sluggers had a terrific inning in the fourth when they scored 10 runs to show their power and take over the lead after trailing 4-2.

E. Williams, the losing mounder, allowed 16 hits, walked five and struck out five.

Nightcap Game
In the nightcap game the Chana winners scored their 12 runs on 11 hits, two of them doubles by Semmler and J. Chapman. Phillips and Cupp of the Groves were credited with two-sackers.

The winning pitcher was J. Chapman who allowed only seven hits, walked four and struck out four. Miller started the game for the Groves and he allowed four hits, struck out one and walked two before being replaced by Schafer after two were out in the first inning. In the rest of the game Schafer was rapped for seven hits, walked one and struck out one.

Like the Sluggers, Chana also had a ten-running inning, with the exception that Chana's was in the initial frame to deflate the hopes of the opponents.

OUR BOARDING HOUSE
With MAJOR HOOPLE OUT OUR WAY
By WILLIAMS

SINCE WHEN HAS IT BEEN THE CUSTOM TO TAKE SUN BATHS IN THE SHADE, HOOPLE? I SUPPOSE YOU'VE GOT AN EXPLANATION FOR THAT, TOO!

I'LL GLADLY EXPLAIN, BAXTER! I HAVE SO DISPOSED MYSELF THAT THE TREE LEAVES ALLOW JUST ENOUGH ROOM FOR OLD SOL TO TRICKLE THROUGH WITHOUT BURNING MY PERSON—HAR-RUMPH!—AS THE RAYS PASS DOWNWARD THEY GATHER PRECIOUS TREE-LEAF VITAMINS, WHICH I ABSORB—AT THE SAME TIME, THE LEAVES ACT AS A FILTER, PERMITTING ONLY THE PUREST OF SUNSHINE TO SEEP THROUGH! EGAD, THIS REALLY SHOULD BE A FRUIT TREE—SPLENDID VITAMINS, YOU KNOW!

Is it perfectly clear now, Baxter?
